

October Board Meeting

October 15, 2020
Lake Grove Neighborhood Association

Chairman Dan Anderson called the meeting to order at 7:05

Attendees:

Board members: Dan Anderson, Mike Buck, Trudy Corrigan, Robert Dove, Yoko Kinoshita, Jerry Nierengarten

Guests: no guests

- No Treasury Report as Rob Loesch was unable to attend
- Minutes for the September meeting were approved

Board Chair Report

1] Neighborhood Association Chairs/ Mayor Meeting October 10

- Boards reported meeting some issues meeting and voting. Others handled this via Zoom
- Jan Castle reported on Prep LO disaster planning in particular earthquakes. Her neighborhood used a neighborhood enhancement grant to buy medical supplies for use in emergencies. Her Board has a list of doctors, nurses and other medically trained individuals in her neighborhood.
- A group of Neighborhood Chairs is looking into holding meetings without involving City officials to discuss issues
- Lake Oswego's Emergency Communication System was discussed

2] Neighborhood Enhancement Grants.

The Board discussed the possibility of a four tree micro grove on the intersection of Upper Drive and Lake Grove Avenue and

voted unanimously that this was worth pursuing subject to the approval of the property owner.

Director Reports

Mike Buck

1] Mike reported on the meeting with Lake Oswego Parks and Recreation on Iron Mountain Park which is nearing completion and should be finished this Fall. Mike noted that serious issues continue with building additional trails. Lake Oswego Parks and Recreation Leader Ivan Anderholm indicated that Parks and Rec wants all trails to be available for walkers, joggers and bikes. Mike pointed out proposed new Iron Mountain trail was planned to be only 18-30 inches wide and could not accommodate both bikes and hikers further bikes could not turn on such narrow paths without leaving the trail and damaging sensitive land. The City indicated they were following Portland guidelines but Portland paths are 4-10 feet wide. At the meeting it was also pointed out to the City that new trails should not cut off water for fauna and it appears that this trail might. Mike noted that new Parks Board Chair Cheryl seems promising. Mike further noted that Parks and Rec does not seem to have sufficient staff to accomplish their mission. Parks and Rec will hold their next meeting October 21 4:00 - 7:00 pm.

2] The Car Was on Boones Ferry has withdrawn its application for retaining a recently built structure that did not meet overlay requirements. The structure will be removed. Our Neighborhood and the Lake Grove Business Association both insisted on the overlay requirements being followed.

Jerry Nierengarten/Mike Buck/Trudy Corrigan/Dan Anderson

LGNA Forest Committee reported on trouble finding the partition information for a partition proposal on 3525 Lake Grove Avenue LU-0035. Dan resolved this the next day. We await the actual

home plans and the builder's certain request for removal of trees at that time. There are. Number of large trees on this site especially in Parcel 2.

The Committee will not oppose the tree removal on 3129 Douglas as the tree was possibly a danger to the house and the removal would allow the nearby Cedar to grow

The tree proposed to be removed on 4480 Upper were opposed as unnecessary and the permit was not properly prepared. The City will ask the developer to resubmit if he still wishes the to remove the trees.

There was no other business and Dan adjourned the meeting at 7:49
